

FREE TELEWORK ASSISTANCE FOR EMPLOYERS IN PIERCE AND THURSTON COUNTIES

As companies continue to make decisions on how to transition back to the office, it's important to think about how telework factors into the future workforce strategy. From implementing a formal telework program, to incorporating telework into your continuity of operations plan, we are here to help!

Here's how we can help your business free of charge:

- Develop a transition strategy back to the workplace
- Create tailored telework policies, agreements, and plans
- Provide customized management and employee training
- Meet with management to discuss telework needs
- Evaluate your existing telework program
- Assess technology needs
- Develop strategy for sustainable telework
- Maximize telework program impact
- Formalize Continuity of Operations Plan (COOP)

Chances are you've implemented telework on a contingency basis due to COVID-19. Now, let us help you build a program that is sustainable for years to come.

Let us make telework work for your organization!
